^{Rx} Federal law restricts this drug to use by or on the order of a licensed veterinarian.

ToDAY RESIDUE WARNINGS: Milk that has been taken from animals during treatment and for 96 hours after the last treatment must not be used for food. Treated animals must not be slaughtered for food until four days after the last treatment. Administration of more than the prescribed dose may lead to residue of antibiotic in milk longer than 96 hours.

ToMORROW RESIDUE WARNINGS: For use in dry cows only. Not to be used within 30 days of calving. Milk from treated cows must not be used for food during the first 72 hours after calving. Any animal infused with this product must not be slaughtered for food until 42 days after the latest infusion.

DRY-CLOX RESIDUE WARNINGS: For use in dry cows only. Not to be used within 30 days of calving. Any animal infused with this product must not be slaughtered for food until 30 days after the latest infusion. Precautions: Because it is a derivative of 6-aminopenicillanic acid, DRY-CLOX has the potential for producing allergic reactions. Such reactions are rare; however, should they occur, the subject should be treated with antihistamines or pressor amines, such as epinephrine.

LOCKOUT WITHDRAWAL INFORMATION: LOCKOUT requires no milk or pre-slaughter withdrawal when used alone. If dry cow treatment is used in conjunction with LOCKOUT, follow recommended antibiotic withdrawal times per the label.

^{fx} Federal law restricts this drug to use by or on the order of a licensed veterinarian.

CYSTORELIN IMPORTANT SAFETY INFORMATION: Do not use in humans. Keep this and all drugs out of the reach of children.

SYNCHSURE IMPORTANT SAFETY INFORMATION: For animal use only, not for human use. Keep out of reach of children. Women of childbearing age, asthmatics and persons with bronchial and other respiratory problems should exercise extreme caution when handling this product. In the early stages, women may be unaware of their pregnancies. SYNCHSURE is readily absorbed through the skin and may cause abortion and/or bronchospasms: Direct contact with the skin should therefore be avoided. Accidental spillage on the skin should be washed off immediately with soap and water.

LONGRANGE IMPORTANT SAFETY INFORMATION: Do not treat within 48 days of slaughter. Not for use in female dairy cattle 20 months of age or older, including dry dairy cows, or in veal calves. Post-injection site damage (e.g., granulomas, necrosis) can occur. These reactions have disappeared without treatment. Not for use in breeding bulls, or in calves less than 3 months of age. Not for use in cattle managed in feedlots or under intensive rotational grazing. Pregnant women should wear gloves and exercise caution or avoid handling this product.

Program Details

2025 Spring Producer Program

- Only producers in good standing with Boehringer Ingelheim Animal Health (“Boehringer Ingelheim”) are eligible for this program.
- The Boehringer Ingelheim products shown on pages 1–3 of this flyer are included in the program (“Qualifying Products”).
- Only Qualifying Product purchases from **March 1 – May 31, 2025** (“Program Period”), will qualify. Redemptions must be submitted or postmarked by **June 30, 2025**, to qualify.
 - Rebates on Qualifying Products that are on backorder and ship during the Program Period will be awarded when the backorder is shipped and invoiced. Products that are on backorder and do not ship during the Program Period will not qualify for any rebate in this program.
- All redemption requests must include valid proof of purchase (invoice). Invoice(s) must clearly show:
 1. Qualifying Product names and the quantity of items purchased.
 2. Purchase dates for all Qualifying Products.
 3. Name of company where Qualifying Products were purchased.
 4. The price paid per Qualifying Product.
 5. Invoice total.
- Multiple web or mail submissions will be accepted, and multiple proofs of purchase can be used on each submission.
- One rebate will be calculated per submission, based on the listed Spring Producer Rebate Offers.
- Bonus offers will be calculated for all invoices included on each submission, and will not be calculated across multiple submissions.
- Bonus offers exclude all purchases on special Boehringer Ingelheim pricing programs.
- Allow six to eight weeks for processing following submission.
- This promotional-incentive rebate is offered for sales in support of the Boehringer Ingelheim independently driven business plan.
- Boehringer Ingelheim reserves the right to end or modify the program, in whole or in part (including the removal or addition of Qualifying Products or product lines), at any time without notice.
- Producers enrolled in special Boehringer Ingelheim pricing programs are NOT eligible for this rebate offer.
- All sales must be INVOICED in the Program Period in order to be eligible for a rebate.
- All disputes must be received within 120 days of the program end and emailed to BIcattleEscalations@apfco.com
- Rebates will only be issued for amounts over \$35.
- Fraudulent submissions (including any alteration/manipulation of rebate submission form or rebate submission receipt) may result in prosecution under applicable federal law, as well as rejection of rebate request.
- If a producer returns any Qualifying Product purchased during the Program Period that impacts the minimum purchase amount, Boehringer Ingelheim may (in its sole discretion) deduct the difference from any other rebates earned during the Program Period. Returns of Qualifying Products purchased during the Program Period may be credited at 85% of the original purchase price.
- To review the status of your submission, please contact us toll free at (888) 419-6407, Monday – Friday 7am to 7pm and Saturday 9am to 5pm CT (U.S. national holidays excluded), or email BIcattleEscalations@apfco.com
- Void where prohibited by law, subject to tax, or otherwise restricted.
- If these terms and conditions are not met, the rebate will not be honored or acknowledged.

Offers only good while supplies last.
