INGREDIENTS

Grain Products, Processed Grain By-Products, Forage Products, Plant Protein Products, Calcium Carbonate, Salt, Magnesium Potassium Sulfate, Corn Distillers Dried Grains with Solubles, Rice Mill By-Product, Choline Chloride, Corn Cob Fractions, Dried Extracted Streptomyces Fermentation Solubles, Dried Fermented Corn Extractives, Zinc Oxide, Thiamine Mononitrate, Yeast Culture, Zinc Sulfate, Riboflavin Supplement, Calcium Pantothenate, Vitamin E Supplement, Niacin, Folic Acid, Vitamin A Supplement (Stability Improved), Menadione Sodium Bisulfate Complex (Source of Vitamin K Activity), Vitamin B 12 Supplement, Pyriodoxine Hydrochloride, Biotin, Ethoxyquin as Preservatives, Sodium Sulfate, Sodium Sulfite, Potassium Sulfate, Sodium Bentonite, Propylene Glycol, Flavoring, d-Activate Animal Sterol (Source of Vitamin D3, Stability Improved), Menadione Sodium Bisulfite Complex (Source of Vitamin K Activity), Maganous Oxide, Ferrous Sulfate, Copper Sulfate, Calcium Iodate, Cobalt Carbonate, Sodium Selenite, BHT and Ethoxyquin as Preservatives, Monocalcium Phosphosphate, Dicalcium Phosphosphate, Animal Protein Products.

FEEDING DIRECTIONS

Feed 5 to 8 pounds per pregnant sow per day. Limit weight gain to less than 100 pounds during gestation. Hand feed the first few days after farrowing. Gradually increase the feed allowance until sows are on full feed at the end of a week to 10 days. Self-feed sows at this time to provide enough feed for good milk production. Use as directed.

Note: This is a fixed formulation feed.
