

Patriot™

Insecticide Cattle Ear Tag

KMG

Product Description

Patriot™ Insecticide Cattle Ear Tags are an economical and easy-to-apply system for controlling ticks, horn flies, lice and face flies on beef cattle and non-lactating dairy cattle. These injection molded ear tags containing 40.0% diazinon slowly release the active ingredient to substantially reduce pyrethroid-resistant horn flies for up to five months.

Features & Benefits

- Only insecticide ear tag on the market that contains 40% diazinon (6,000 mg diazinon per tag) for optimal effectiveness.
- Only insecticide ear tag on the market that is made by a patented process.
- Controls horn flies and ear ticks and aids in the control of face flies, lice, stable flies and house flies.
- Can be applied to beef cattle and non-lactating dairy cattle at the rate of one per animal for adequate control or two per animal for optimal control.
- Bright orange color, and utilizes the standard Allflex® applicator system.

Product Information

Name:

Patriot™ Insecticide Cattle Ear Tags

Code:

236331050

236331051

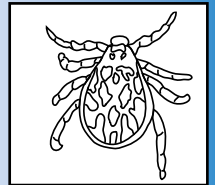

Size:

20 tags/box

120 tags/box

Warning & Precautions

- Keep out of reach of children.
- Always read and follow label directions carefully.
- Opened pouches containing ear tags should be resealed for storage.
- Do not contaminate water, food or feed by storage or disposal.
- Remove tag prior to slaughter.

Application And Use Directions

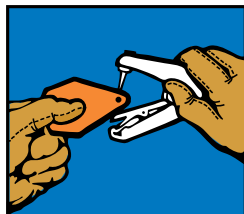

Figure 1:

Disinfect pliers prior to use. Place female tag under clip by depressing lever. Collar on tag must be pointing down.

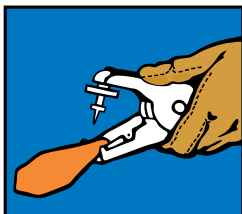

Figure 2:

Slide male button on pin. Align top of button with female portion of tag. Tag and button are now ready for application.

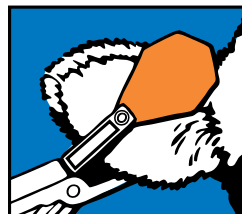

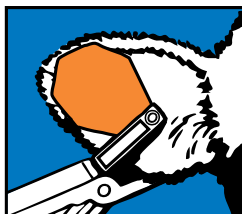

Figure 3 and 4:

Position tag on the inner flat surface in center of ear. Do not allow shaft of the male rivet to penetrate any cartilage rib or blood vessel or ear damage may result. We recommend that tag be rotated at a 90° angle to the pliers (Fig. 3) for ease of application. Tag may also be extended outward from the pliers in a straight manner (Fig. 4).

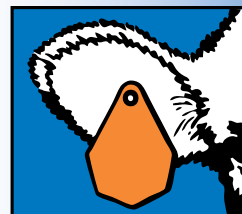

Figure 5:

When properly positioned, the tag should hang as shown.

Active Ingredient By Weight

Diazinon (CAS No. 333-41-5)	40.0%
Other Ingredients:	60.0%
TOTAL	100.0%
